GREETINGS . . .

On behalf of the City Council, it gives me great pleasure to extend a warm greeting and congratulations to the participants of the 11th Annual . . . Trails of '98 Barber Shop Bonanza being held under the sponsorship of the Edmonton Chapter of S.P.E.B.S.Q.S.A. A special warm welcome to our visitors from other centers.

THE KLONDYKE . . .

Up the Chilcoot from Skagway — A grueling start to a search for what? — A Bonanza for a very few — poor colours in a pan of gravel for most. Adventure — companionship — a different nugget for each searcher.

Come with us tonight as we carry you on the wings of song safely thru the domain of Soapy Smith and his desperadoes, over the rugged trails, across deep lakes and turbulent rivers until at last we discover the rich mother lode in melody. The golden era which produced the Klondyke also produced our Barbershop idiom and we offer you tonight the best of both.

“WE SING THAT THEY SHALL SPEAK”

This is the theme which identifies International Barber-shopping's service project . . . LOGOPEDICS . . . from the Greek: LOGOS . . . The Word, and PAIS . . . The Child . . . “Bring the child to the word . . . the word to the child”.

The Edmonton Chapter of S.P.E.B.S.Q.S.A. is proud to associate itself with this great work of helping children to speak, centred around the Institute of Logopedics at Wichita, Kansas.

The Institute, with a staff of 350 and a current enrollment of 500 students, is the only full-time residential centre in the world for the treatment of multiple handicapped persons who suffer from such afflictions as stuttering, cleft palate, aphasia, disphonia and cerebral palsy. Of particular importance to us, as Barbershoppers, is the fact that MUSIC has provided a major breakthrough in communicating with children and adults suffering from these many handicaps.

Since its founding in 1934, the Institute of Logopedics has returned over 12 000 children to society able to communicate with their fellow men. What could be more appropriate for men of song than “to sing that they shall speak”.

Just a song at same night.

Leadership Is A Bay Tradition . . .

Since 1670 the Hudson's Bay Company has been a driving force in the development of Canada. And although the romance of almost three centuries of fur trading and exploration still clings to this company, to millions of Canadians the Bay is the modern department store in their community — a leader in fashion.
